PROFILE

I'm an experienced software engineer skilled in Flutter, ReactJS, and NodeJS. I excel at solving complex challenges using HTML5, CSS3, JavaScript, and Python. I have expertise in the software development life cycle, APIs, project management, and agile collaboration. With strong communication skills and a commitment to staying current in the field, I strive to be at the forefront of the evolving software engineering landscape.

AREAS OF EXPERTISE

- Software Development Life Cycle
- Design, Development & Implementation
- Code reviews
- APIs
- IoT and Hardware
- Arduino and Raspberry Pi
- Project Leadership
- Project Management
- Cross-functional Collaboration
- Technical Specifications
- Agile Methodology
- Adobe XD
- CI/CD

TECHNICAL PROFICIENCIES

- Frontend: Flutter, React JS, Bootstrap, HTML5, CSS3, JavaScript, Python, Java.
- Backend: Nodejs, Express, PHP.
- Server: Nginx.
- Database: MySQL, Firebase.
- Design: Adobe XD
- Productivity: GitHub, GitLab, Codacy, Jira.

WORK EXPERIENCE

Pret A Manger (On-Site, Conduit Street, London), Barista,

October 2022 – Present

- Customer service: Addressed inquiries, concerns, and complaints promptly and professionally, ensuring satisfaction and loyalty.
- Order management: Handled high volume of orders accurately, providing seamless and enjoyable experience.
- Teamwork and adaptability: Collaborated effectively with colleagues, quickly adapting to changing customer demands.

Supertal.io (Remote, Singapore), Software Engineer Consultant,

March 2022 – August 2022

Employed at Supertal, I worked for two of our major clients, Primaku and Bang Jamin.

Supertal.io – (May 2022 – August 2022) – Bang Jamin

Technologies: React JS.

A digital insurance platform that provides AI-powered insurance purchase and claims experiences, and all-in-one services.

- Spearheaded the development of new features, leveraging data-driven insights and user feedbacks.
- Analysed new feature requests and their technical difficulties for developing delivery timelines.
- Crafted and executed cutting-edge User Interfaces, ensuring seamless responsiveness across devices.
- Implemented a comprehensive software development lifecycle to ensure the platform's quality and reliability.
- Demonstrated exceptional efficiency by delivering ground-breaking features well within established deadlines, while remaining flexible to accommodate feedback through meticulous manual testing for User Acceptance Testing (UAT).

Supertal.io – (March 2022 – May 2022) – Primaku

Technologies: Flutter, Nodejs, Express.

Indonesia's first paediatric health platform aimed for public use to monitor child's growth and development in personalized and intuitive user experience.

- Pioneered and engineered ground-breaking features that revolutionized the product.
- Conducted comprehensive evaluations of cutting-edge feature requests, meticulously dissecting their intricate technical challenges to determine precise delivery schedules.
- Orchestrated the creation and execution of stunningly responsive User Interfaces that seamlessly adapt to diverse devices and platforms.
- Implemented a comprehensive software development lifecycle to ensure the platform's quality and reliability, covering requirements gathering, design, development, testing, deployment, and maintenance.
- Successfully delivered an array of remarkable features ahead of schedule, while allowing ample flexibility for refining based on invaluable feedback obtained through rigorous manual testing and user acceptance trials.

VU Mobile (On-Site, Bangladesh), Mobile Apps Developer

November 2021 – March 2022

Technologies: Flutter, Java, Nodejs, Express.

- Solely handled and maintained past [VU Mobile Playstore Apps](#) based on Java as frontend.
- Implemented new features like quiz contests, integrated phone number detection using API provided by telecom networks, integration of zero-internet based on telecom network providers API.
- Demonstrated exceptional leadership skills by overseeing the entire ideation, strategic planning, and meticulous product design and development process for the revolutionary VU Mobile product 'Ting'—a ground-breaking chat platform infused with super app-like functionality, meticulously crafted using the revolutionary Flutter framework.

Asiatic Marketing Communications Limited (On-Site, Bangladesh), Web/Flutter Developer

September 2017 – November 2021

- Excelled in the dual role of UI/UX Designer and Developer, seamlessly blending creativity with technical expertise.

- Played a pivotal role in orchestrating and executing highly effective digital campaigns, setting new industry standards.
- Forged dynamic collaborations with the content team, crafting captivating interfaces and expanding user acquisition channels to unparalleled levels.
- Devised ingenious long-term digital content strategies, revolutionizing the way brands connect with their audiences.
- Distinguished track record of working with prestigious clients such as [Airtel](#), [Unilever](#), [Marico](#), [Liberation War Museum – Bangladesh](#), leaving an indelible mark on their digital presence.
- Showcased exceptional UI/UX design skills as the visionary behind [BeBeautiful Bangladesh](#), a renowned beauty blog powered by Unilever.
- Championed a project, the Asiatic 360 HRM App, as the project manager, spearheading the design, development, and seamless integration of a user-friendly interface using Flutter for cross-platform support, alongside creating a robust backend infrastructure utilizing Nodejs and SQL to seamlessly integrate with existing HR email addresses.

EDUCATION

M.Sc in Computer Science and Engineering, Data Science (Thesis Pending) (Achieved 1st in course work),

United International University, Bangladesh, July 2020 – Present

B.Sc in Electronics and Telecommunications Engineering (Achieved 2:2)

North South University, Bangladesh,

January 2012 – August 2018

ACHIEVEMENTS

2017

1st Runners Up, Hackathon for

Environmental

Migrants

Wageningen University, Netherlands

Champions Embedded Systems '17

Techkriti'17 IIT, Kanpur, India

2016

Champions Techfest IoT '16

Bombay, India
